

CRIF Expands Global Presence with New U.S. Headquarters

Atlanta, 28/05/2010 *As part of its continued expansion, CRIF, a global leader in credit services, announced today the opening of its North American headquarters office in Atlanta, Georgia. The office – located at 280 Interstate North Parkway Circle, Suite 400 – will serve as the operational hub for the CRIF Lending Solutions family of companies that includes Teres, Magnum, FLS Services, APPRO CRIF and Aimbridge. The companies will each maintain their respective regional offices.*

“CRIF Lending Solutions is unique in that it combines the top technology offerings and experts in loan origination with unparalleled customer service,” said Tim Kelly, President of CRIF Lending Solutions. “That’s why the biggest names in the financial and credit union industries depend on CRIF for their loan origination needs. The opening of our new headquarters will give us added support as we continue to expand our operations throughout North America.”

Hundreds of the nation’s top financial institutions and lending organizations now rely on loan origination technology, outsourced loan processing services, and analytics solutions offered by CRIF. Key product and service offerings include:

- **Loan Origination** – From highly configurable, customizable loan origination systems to ‘plug and play’ lending solutions, Teres, Magnum and APPRO cover the spectrum. Over 500 financial institutions and lending organizations around the country depend on these products for their lending automation and loan origination needs
- **Outsourced Loan Processing** – Over 150 financial institutions throughout the United States rely on Aimbridge and FLS Services to provide outsourced loan processing services, including turn-key individual and aggregated lending programs, document image management, market consultation, dealer management, and custom-branded online auto shopping and financing portals
- **Analytics** – The nation’s largest financial institutions and credit card processors rely on the data aggregation and automated decision technologies offered by Magnum. These leading technologies in concert with the expertise of CRIF’s scorecard development and business process re-engineering services result in a single stop comprehensive analytics solution.

Over the past several years, CRIF has acquired leading technology and service providers to build and expand the CRIF Lending Solutions product suite. Earlier this year, CRIF acquired APPRO Systems from Equifax. Between 2008 and 2009, CRIF acquired Teres, Aimbridge, FLS Services and Magnum.
